Sir;

I was transferred by you from Bowringpet and appointed Medical Officer of this Regiment on probation in June 1899.

On the expiry of the probationary period you made a reference to the Regimental authorities as to the manner in which I had been discharging my duties; and on receipt of their reply were pleased to recommend my being confirmed in the appointment.

I have since served another period of twelve months here, and feel justified in requesting you to be so kind as to recommend that I get the full pay of the appointment as laid down by Government in their Proceedings No. 1230 - 1231 - 1294, Bangalore dated 4th January 1900.

In doing so I beg to submit the following points for your Kind consideration: ——

(1) I was in a better position pecuniarily when working in Bowringpet Taluq than I have been here. I was there drawing a pay of Rs 100/- plus an allowance of Rs 30/- in addition to which I was making about Rs 50/- per mensem on an average by way of private practice; whereas here I have been drawing a pay of Rs 150/- only and have not made and can never hope to make a single pie in the way of private practice, for which there is absolutely no scope.

(2) It will be thus seen that my transfer to this Regiment has entailed a considerable pecuniary loss on me; and this has borne on me all the more severely in as much as living here is very expensive; and as the lines are situated in an out-of-the-way locality I have to pay servants high rate of wages, to obtain provisions from a great distance necessitating frequent and considerable payments for carriage of things; and undergo various other inconveniences.

(3) As I am compelled to live in quarters I am obliged to maintain a conveyance, which I can ill afford to do to enable my children to attend school.

(4). I draw a smaller pay than some of my juniors in rank which renders nugatory the rank assigned to myself, and detracts from the influence which the Medical Officer ought to command in the Regiment.

(5.) My appointment renders me liable to Foreign Service at short notice, and the smallness of my pay makes it impossible for me to make any provision for my large family in the event of such a contingency arising.

(6) Every one of the Officers of the Regiment draws the full pay sanctioned by the Government and I am the only one that does not do so.

(7) The responsibility of my work here is far greater and more serious than that in Bowringpet; and although holding the rank of a Sub-Assistant Surgeon I have been discharging the duties and fulfilling the responsibilities of an Assistant Surgeon and therefore feel that it is only just that I should be granted the full pay attached to the appointment.

(8) A further reference to the Regimental authorities will satisfy you as to the way in which I have been discharging my duties during the past twelve months.

Earnestly requesting you to take the above facts into your kind consideration,

I beg to remain,
Sir,
your most obedient Servant

Sir,

With reference to your docket dated 16th ult warning me that it was more than probable that my services would be dispensed with shortly by the Military Department I beg to submit the following statement for your kind consideration. I have now been in Medical Charge of this Regiment for nearly three years. When I received the appointment I learned that you had had a great deal of trouble in consequence of dissensions between my predecessors and the Regimental Authorities and I firmly resolved that such should not be the case in connection with myself, and although I have had a great deal that was of an unpleasant nature to put up with in the discharge of my duties

it and so I thought it was not necessary for me to go (especially as the Regimental Surgeon is in the habit of getting his children treated for slight ailments and hurts by the Ward Orderlies attached to the Hospital) I now think that I ought to have gone and that in not having done so I committed an error of judgment. But I little dreamt that this apparent neglect on my part would have roused the Regimental's anger to the extent to which as I afterwards learned it did. While in this angry frame of mind he said that he would make me feel for it and went over to Mr Puttanna and complained against me, and the outcome of all these angry feelings, aroused first by the incidents connected with the dead rat and then by my fancied neglect of the boy was a report forwarded to the Chief Commandant that I was unfit for active foreign Service and that a younger man should be appointed in my place. In regard to this assertion of my unfitness I beg to submit that

oftener for longer or shorter periods. But
irrespective of my own assertions as to my
physical fitness it is a matter which can
be easily decided by expert examination
and I am ready to submit to such exam-
ination by the highest Authority in the
Province, viz yourself, or by any one whom
you may depute for the purpose, and I shal
abide by the verdict pronounced. In this
connection I beg you to consider whether i
does not strike you as something incongru
and amazing that while Hospital Assistan

Royle are deemed fit, I, who am five
years younger than the one, and ten years
than the other, and who possess ten times
the strength and vigor and enjoy a hundred
times the health of either should be declared

SIR,

In reply to your No.157 dated 12th July 1905, I have the honor to inform you that I have not in my possession the certificate referred to in Army Regulations India Volume II para 918, but I send you the old certificate of which I believe the certificate now in use, is only a copy, the number of the same merely being changed. So far as I know, or from what I can learn from inquiry here, there is nothing laid down officially as to the standard of efficiency required from a medical officer of a Cavalry Regiment, though from the blank space left between the words 'mounted' and 'officer' in the certificate I enclose, and which I take it, is meant to be completed by the inclusion of the word 'Infantry' or 'Cavalry', some difference in standard of efficiency between officers of mounted and dismounted corps is implied and in my opinion should be insisted on, as a medica officer of a Cavalry Regiment who cannot ride, and keep up in long distance marches with his Regiment is useless on the march and in the field.

I believe that Mr. Wesley is unfitted to take the field with the Troops and should be replaced by a more active man or at any rate some arrangements should be made by which a suitable medical Officer would be available in the event of either of the Durbar Corps being ordered on Service. I think therefore the Senior Surgeon might be asked to detail an officer to be ready to take the field.

Mr. Wesley can doubtless ride well enough to do work as a temporary makeshift in time of peace.

Mr Wesley having failed to pass the qualification necessary to entitle him to continue in Medical charge of the 1.S.Regiment the Hon'ble Officer Sir P.J.Hasselbaird passed the following order in the case vide Govt No 1b dated 27th July 1905. viz:-

Most Respected Sir,

With reference to your Memo No.7295 dated 25/26-6-06 I beg to state that I received no communication whatever from the Chief Commandant informing me that I was unable to ride.

But I submit that my having been informed or not that I was unable to ride has no bearing on the question at issue.

What I beg to commend to your serious consideration is the fact that I was never informed by the Chief Commandant or any one else that the sanctioning of the recommendation for enhancement of my pay made by Colonel Benson would depend on my passing an examination in riding.

That the question of my riding was raised at all I -- only came to know accidentally when I once called at your offic As a matter of fact I went over there to see Col.Benson on the very subject of his recommendation when to my utter surprise he told me that the Military Authorities did not want to retain me in the regiment any longer on account of my inability to ride, and the same information was communicated to me officially a fe days after (Vide your office No.4754 dated 26-3-02.

On remonstrating with the Regimentdar verbally on his having asked for my removal without having given me the slight--est intimation of his intention to do so, and pointing out to him that his present statement that I was unable to ride was @ variance with a former statement of his made 6 months previousl that I was practising to ride and could trot and canter, he -- advised me to apply for 6 months time to qualify myself thoroug -ly in riding. I did so and my request was complied with (vid Chief Commandant's No.2420 dated 18/29-4-1902.

During

During these 6 months I practised riding assiduously and attained a standard of equitation sufficient to enable me to -- pass if I had been called upon to ~~do so~~ submit to an inspection. But I was never called upon to do so; the question of my riding was not raised again and I was allowed to remain in charge of the regiment for more than three years thereafter.

At the beginning of 1905, 3 years after the period of 6 months that had been allowed to me to qualify myself thorough -ly, I was ordered to accompany the Regiment for a camp of exer- -cise. I did so and gave you (vide my No.22 dated 23-1-1905) as well as the Chief Commandant proof positive that I could -- ride. If I could thus accompany the regiment at a short notice after a period of 3 years during which I had not ridden at all, I beg you to consider whether I could not have passed an examin -ation in riding, if I had been called upon to undergo an ins- pection soon after the expiration of the period of 6 months -- which had been allowed me to qualify myself and during which I had practised riding assiduously.

But as I have already stated, I was not called upon to undergo an inspection; and as the Commanding officer as well as the whole regiment knew perfectly of my ability to ride, I took it for granted that the former was satisfied with the --- standard of riding I had attained. Had I at all known that the enhancement of my pay recommended by Col.Benson depended upon passing an examination in riding, I should have demanded an ins -pection of my riding and would assuredly have acquitted myself successfully. I was absolutely ignorant of what is now for the first time stated to be the conditional character of Col.- - Benson's recommendation; and as the Regimentdar did not further trouble himself about my riding, I did not feel called upon to go out of my way and raise the question and continued to remain in charge of the Regiment till 20-4-1905. When the question of my riding (most probably as a result of a reference from you on the subject of Col.Benson's recommendation in re-enhancement of my pay) was suddenly sprung upon me and I was directed to under- -go an inspection at two days notice (vide Regimental Order No 1883 dated 20-4-1905) and it was only on 14-4-1906 (vide your

that Col: Benson's recommendation re-enhancement of my pay ~~[illegible]~~ of was ignored for 4 years and that was only in April 05 that in Consequence undoubtedly of a reference from you on the subject the question of my riding was raised and I was, for the first time, informed that the Sanction of Col: Benson's recommendation was Conditional on my passing an examination in riding.

I will not inflict on you, Sir, a repetition of all that I have clearly stated in my former letters to you What I earnestly Commend to your serious Consideration are the following facts.

1. Col: Benson's recommendation re-enhancement of my pay was dated on the 6th Feb.

2. For 4 years this recommendation was totally ignored and remained undisposed of.

3. In consequence of a reminder which I was made on the subject at the beginning of 1905. an inspection of my riding was suddenly sprung on me and I was ordered on the 20th April 05 to be on the Parade ground on the 22nd inst. at 7-30 a.m. to undergo an inspection in riding vide Regimental order no: 1883 of 20/4/05.

4. That about 4 months prior to this date I had, as a matter of fact, accompanied the Camp of Exercise and gave ample proof of my ability to ride vide my report to you on the subject no: 22 of 23-1-05.

an inspection when I was about to be retired from the service and when presumably and actually I would be less fit to undergo such inspection than I would have been had it taken place at an earlier period of my service.

Had I been informed, at the time Col: Benson's recommendation was made that if I hoped to get the increase of pay recommended I would be required to pass an examination in riding I should have undoubtedly qualified myself and passed such examination and secured the enhancement of pay recommended.

Earnestly praying that you will accord

Sir,

With reference to your No 3381 dated 3rd May 1904 I have the honor to request that Sub-Assistant Surgeon Mr. S.J. Weslie be examined in equitation according to the test required for British Medical Officers.

2. It is desirable that some other officer than an officer of his Regiment hold the examination as I have reasons to believe that an examination held by such an officer would possibly be of a more or less prejudicial nature.

Letter No 5131 dated 13th March 1905 from the Senior Sur & Sanitary Commissioner to the Military Assistant to the Gov of Mysore.

Sir,

I have the honor to request the favor of being informe if Sub-Assistant Surgeon Mr. S.J. Wesley has been examined i equitation and if so whether he has passed.

I have &c.,

No. 240/En. 1 file

Dated 28th June 1905

Subject.

Dewan's orders on this Office memo No 245 dated 30th June 1904.

Resubmitted for orders with Chief Commandant's letter No 2931 dated 30th May 1905 forwarding copy of a report of the Committee assembled to examine Mr. Wesley in riding.

I am afraid the certificate is not quite satisfactory. Let me know if there is a form in the British Code and what is the standard of riding that is laid down for the British Cavalry. I shall be glad also to have your opinion in the matter.
